Editorial Review

Review

From the reviews:

"This book by David Harland is written to his usual high standard. It tells the history of Mir from its early planning stage to its spectacular destruction in 2001. This brings together the complete history of a remarkable spacecraft which made living in space possible. If you want to get a clear picture of how the Mir station started ... developed and grew and was used, this is the book." (Rex Hall, *Spaceflight*, Vol. 48, March, 2006)

"The history of the Mir Space Station, initiated with a launch in 1986 and continuously inhabited for a decade, is important for its technological achievements Harland, a space historian, presents a very detailed survey of the launches, cosmonauts, engineering details, problems, and solutions. ... The book is well illustrated with photographs of people and spacecraft a significant addition to the literature of space science and technology. Summing Up: Recommended. Lower-division undergraduates through professionals." (A. M. Strauss, *CHOICE*, Vol. 42 (11), July, 2005)

From reader reviews:

Rachel Kaufman:

Do you have favorite book? For those who have, what is your favorite's book? Guide is very important thing for us to know everything in the world. Each publication has different aim or perhaps goal; it means that guide has different type. Some people truly feel enjoy to spend their time to read a book. They may be reading whatever they have because their hobby is reading a book. Why not the person who don't like reading a book? Sometime, individual feel need book when they found difficult problem as well as exercise. Well, probably you will want this *The Story of Space Station Mir (Springer Praxis Books)*.

Arthur Freeman:

Playing with family within a park, coming to see the water world or hanging out with friends is thing that usually you have done when you have spare time, after that why you don't try point that really opposite from that. One activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love *The Story of Space Station Mir (Springer Praxis Books)*, you could enjoy both. It is very good combination right, you still desire to miss it? What kind of hang type is it? Oh can occur its mind hangout guys. What? Still don't have it, oh come on its called reading friends.

Joseph Davis:

The Story of Space Station Mir (Springer Praxis Books) can be one of your starter books that are good idea. All of us recommend that straight away because this guide has good vocabulary which could increase your knowledge in language, easy to understand, bit entertaining but still delivering the information. The article author giving his/her effort to get every word into joy arrangement in writing The Story of Space Station Mir (Springer Praxis Books) yet doesn't forget the main level, giving the reader the hottest in addition to based confirm resource information that maybe you can be considered one of it. This great information could drawn you into new stage of crucial contemplating.

Eliza Gold:

As a pupil exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some guide, they are complained. Just minor students that has reading's heart and soul or real their hobby. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that reading is not important, boring in addition to can't see colorful images on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. So , this The Story of Space Station Mir (Springer Praxis Books) can make you truly feel more interested to read.
