**How to Choose a Husband: And Make Peace With Marriage** By Suzanne Venker

It's been forty years since the sexual revolution, and the women of America have everything they want. Everything, that is, except a husband. Women may be schooled in the art of sex, but they have failed in the art of love.

In *How to Choose a Husband*, social critic and best-selling author Suzanne Venker says American women need a detox. If they want to be happy, or just plain satisfied, they must do a 180 when it comes to their attitude toward sex, courtship, and married life.

If they do, marriageable men will reappear and women will find the love that eludes them.
