Editorial Review

Amazon.com Review

Vedic Astrology has to be the most thoughtfully organized book dedicated to unraveling the mysteries of the Parasara method of Jyotish, "the science of light." Jyotish transcends the limitations of a logical approach to astrology, reaching into the realm of abstractions and intuition to comprehend the spirit. Ronnie Gale Dreyer goes through the common missteps and maps out the pitfalls that plague novices, and her more than 20 years of study put this complex and sometimes overwhelming subject within reach of the Western astrologer.

Review

"A major bridge between the astrological heritage of India and the cultural needs of the West. [Dreyer's] work enables any thoughtful reader with a basic knowledge of Western astrology to encounter the Indian tradition, the power of its methods, and the richness of its thought... perhaps the best text of its kind in print."
