Editorial Review

About the Author

Dr. Annette Lamb is a Professor of Teacher Education at the University of Southern Indiana in Evansville. She has been teaching and writing in the areas of Educational Technology Integration, Educational Computing, and Library/Media Management for over fifteen years. Prior to higher education, she was an elementary library media specialist and computer teacher. Annette Lamb received her Ph. D. in Instructional Technology from Iowa State University and has been active in both state and national educational technology associations. For example, she served as president of AECT's (Association for Educational Communications and Technology) DISC (Division of Interactive Systems and Computers) and was the editor of *HyperNexus*, a publication of ISTE (International Society for Technology in Education). In addition to working on numerous projects with state and federal grant-winning schools, she has received grants and awards from organizations such as Apple Computer, IBM, and NCREL (North Central Regional Education Lab).

During the past several years, Dr. Lamb has made over 450 state, regional, national, and international presentations, keynotes, and workshops. She has published numerous articles in the educational technology area and written over a dozen books on topics including Internet, multimedia, and technology integration. Three of her popular technology integration books are *Building Treehouses for Learning: Integrating Technology into Today's Classrooms*, *MacPac for Teachers*, and *Magic Carpet Ride*. She has also updated her two Internet books titled: *Surfin' the Internet* and *Cruisin' the Information Highway*. *Spinning the Web: Designing and Developing Web Projects* is her most recent book. She is currently completing a book on teaching and learning at a distance titled *Virtual Sandcastles* and a book on making thematic technology connections with Newbery award-winning children's books.

Users Review
