Los sonidos del español: Spanish Language edition (Spanish Edition) By José Ignacio Hualde

This accessible textbook provides a clear introduction to the sounds of Spanish. Assuming no prior knowledge of linguistics, it explains from scratch the fundamentals of phonetics (the study of speech sounds) and phonology (the study of sound systems) and describes in detail the phonetic and phonological characteristics of Spanish as it is spoken in both Spain and Latin America. Topics covered include consonants, vowels, acoustics, stress, syllables, intonation, and aspects of variation within Spanish. Clear comparisons are made between the sounds of Spanish and those of English, and students are encouraged to put theory into practice with over fifty graded exercises. *Los sonidos del español* will help students gain a solid understanding of the sound system of Spanish and will also be useful to scholars in phonetics and phonology. All the sounds described in this book are demonstrated in the online audio sound files which accompany this book.

Editorial Review

Review

Advance Praise: "This work should not be missing from the library of anyone interested in the Spanish language: it describes and explains the Spanish phonetic system, with all its dialectal richness, clearly and comprehensively." --Juana Gil, Head of the Phonetics Laboratory. Spanish National Research Council. Madrid.

"Los sonidos del español is a highly versatile book that can be used at both intermediate and advanced levels. It is not only an introduction to Spanish phonetics and phonology; there are also detailed descriptions of regional and social variation. While the content is accessible to beginning linguistics students, even specialists will find the book to be a valuable resource. John Lipski, The Pennsylvania State University

About the Author

Amy Gutierrez:

As a student exactly feel bored to be able to reading. If their teacher questioned them to go to the library in order to make summary for some guide, they are complained. Just minor students that has reading's spirit or real their hobby. They just do what the educator want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is to be complicated. Book is very important in your case. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this *Los sonidos del español: Spanish Language edition (Spanish Edition)* can make you really feel more interested to read.
