Wings of Fire Book Two: The Lost Heir By Tui T. Sutherland

The Wings of Fire saga continues with a thrilling underwater adventure--and a mystery that will change everything!

The lost heir to the SeaWing throne is going home at last.

She can't believe it's finally happening. Tsunami and her fellow dragonets of destiny are journeying under the water to the great SeaWing Kingdom. Stolen as an egg from the royal hatchery, Tsunami is eager to meet her future subjects and reunite with her mother, Queen Coral.

But Tsunami's triumphant return doesn't go quite the way she imagined. Queen Coral welcomes her with open wings, but a mysterious assassin has been killing off the queen's heirs for years, and Tsunami may be the next target. The dragonets came to the SeaWings for protection, but this ocean hides secrets, betrayal--and perhaps even death.

Editorial Review

From School Library Journal

Gr 4-7-The dragonets set out to find the hidden underwater SeaWing kingdom and Queen Coral, Tsunami's mother, in this exciting sequel to *The Dragonet Prophecy* (Scholastic, 2012). When they arrive, Coral is thrilled to see the daughter who was stolen from her as an egg, but things don't go exactly as planned. Tsunami had always assumed she was the sole heir to the SeaWing throne, but a surprise younger sister leaves her confused about her future role, and Queen Coral's distrust of the other dragonets causes them to be imprisoned yet again. Having read the first book in the series will help youngsters understand the motivations behind the characters' choices, but isn't strictly necessary to enjoy the nonstop action. Tensions mount as someone continues to kill Coral's unhatched female dragonets, and Tsunami herself is attacked. The dragonets become more and more endearing as the series progresses, and the adults more sinister. Moments of danger and brutality are tempered with comic relief, making this a perfect adventure for young fantasy fans to sink their teeth into.-Mandy Laferriere, Fowler Middle School, Frisco, TXα(c) Copyright 2013. The Dragonets of Destiny, having escaped their prison in the kingdom of the Skywings, seek out the ocean kingdom of the Seawings. Tsunami, the Seawing princess stolen as an unhatched egg by the Talons of Peace, is expecting a rapturous reunion with her mother, Queen Coral. Though Tsunami is welcomed by the queen, she realizes that finding the kingdom and returning home are two different things. Having set the scene in *The Dragonet Prophecy* (2012), Sutherland spends more time on character development here, with the bulk of the book focusing on Tsunami's story. With only a few pieces falling into place, there are still intrigues to uncover and kingdoms to visit in upcoming volumes. Grades 4-7, --Kara Dean
