## Dynamic Physical Education for Elementary School Children (17th Edition)

By Robert P. Pangrazi, Aaron Beighle

Used by over a half-million students, the best-selling **Dynamic Physical Education for Elementary School Children** offers the next generation of physical education teachers the best guide in step-by-step techniques for teaching physical education. This book covers everything from games and activities suitable for every developmental level to teaching strategies and guidelines for common classroom situations.

Whether instructors are starting a new program, restructuring an established one, or working with a team in an existing system, **Dynamic Physical Education for Elementary School Children** provides the best combination of theoretical framework and hands-on activities available. The **Seventeenth Edition** underscores the importance of lesson plans provided in the accompanying **Curriculum Guide** by calling them out in the book and including them with the main book at no additional charge, offering the best value to students for running a successful PE class from Day 1. **Dynamic Physical Education for Elementary School Children** provides solid suggestions for incorporating physical education elements into classroom spaces, highlights the importance of teaching toward every student, emphasizes the tie between academics and PE, and underscores the importance of lifetime physical activity.

This package contains:

- Dynamic Physical Education for Elementary School Children, Seventeenth Edition
