Editorial Review

Review

"...I must say that it is clearly written and has many relevant screen shots that will help you in setting up your new Win7 box and getting it going on a network." --GRAapple, Volume 12, Issue 1, February 2011

"It's a great book, with loads of information, and compared to most tech books isn't very expensive. Well worth it, and hey, it's an official Microsoft Press book--written by a How-To Geek guest author." --Lowell Heddings, HowToGeek.com

"Even people who don't consider themselves tech savvy and find it difficult to even think about setting up the home network themselves, can go through the instructions in this book and get started." --Abhijeet Mukherjee, Guiding Tech

This book should form the backbone of any household's reference library. Taking complex concepts one step at a time is the best way to insure success, and this book lives up to its promise. --Marte Brengle, 7tutorials.com

About the Author

Ciprian Rusen is a technology aficionado, and former IT Project Manager for a major consumer goods corporation. He coordinates the team of bloggers at *7 Tutorials*, writing tutorials for Windows and Windows Phone users, and helping them to get the best possible computing experience.
