Editorial Review

Review

'The book brings together the knowledge, skills and day-to-day practice of those in the industry to provide an overview of the management and control of the engineering capital projects. Students will find the book particularly helpful as it contains such a broad spread of information.' - *ICSM, June 1997*

Users Review

From reader reviews:

Daisy Richardson:

What do you consider book? It is just for students as they are still students or the item for all people in the world, the actual best subject for that?
