Editorial Review

Review

'International Finance offers a comprehensive introduction to the subject - covering theory, policy and empirical situations. But the author also manages to succeed in adding that extra bit of understanding without ever becoming too technical.' - Franc Klaassen, Associate Professor of International Economics, University of Amsterdam, The Netherlands 'Both students and practitioners working through this book will gain an excellent grounding in the fundamental features of International Finance. I highly recommend this book to any reader interested in expanding their knowledge of this field.' - Professor Dennis Vink, Nyenrode Business University, The Netherlands 'This book offers a lucid treatment of international finance, from basic economic relationships through to advanced econometric issues. Its well-designed modules enable students to scale the vast terrain of international finance from the 1960s to the unfolding eurozone crisis.' - Demosthenes Tambakis, Fellow and Director of Studies in Economics and Finance at Pembroke College, University of Cambridge, UK 'Keith Pilbeam's new edition of an already excellent textbook in international finance now includes chapters on the eurozone crisis as well as on the financial innovations that help us to understand the causes of the current financial crisis. This updated edition is highly recommended to students as well as practitioners with a general interest in international finance.' - Michael Bergman, Associate Professor of Economics, University of Copenhagen, Denmark

Review

Reviews for the 3rd edition:

From Amazon.co.uk -

'This UK text is beautifully written and the mathematics that underpins the economic models is clearly explained.'

'The book has helped me gain a clearer understanding in a difficult subject!'

'Thoroughly recommended - I dont really ever write reviews but this book impressed me so much that I felt I had to.'

'I love the composition of this book and find that it gives its reader the best point of view of the subject.'

From the Back Cover

The international monetary system is characterized by vast numbers of daily transactions involving huge sums of money. In an increasingly globalized world economy, these trades can have enormous repercussions on economies and can occasionally cause currency, banking and financial crises. International Finance provides comprehensive coverage of the theory and practice of the balance of payments, exchange rate determination and the international money system. It includes both traditional and modern theories in the field and provides an extensive overview of the empirical evidence on the theories and concepts discussed.

Key benefits of the fourth edition:

- New chapter on the global banking crisis

- Coverage of new financial instruments such as Collateralized Debt Obligations and Credit Default Swaps
- Up to date coverage of the European sovereign debt crisis
- Extensive case studies illustrating how theory applies to the real world of international finance
- Improved pedagogical features and a comprehensive companion website

International Finance is essential reading for undergraduate, postgraduate and MBA students of International Finance, International Economics and International Monetary Economics.

Visit our companion site for additional student and lecturer resources.

Users Review

From reader reviews:

Rita Heil:

The book International Finance make one feel enjoy for your spare time. You can utilize to make your capable far more increase. Book can to get your best friend when you getting anxiety or having big problem along with your subject. If you can make looking at a book International Finance to become your habit, you can get much more advantages, like add your personal capable, increase your knowledge about several or all subjects. You could know everything if you like open up and read a reserve International Finance. Kinds of book are several. It means that, science reserve or encyclopedia or others. So , how do you think about this publication?

Nancy Smith:

What do you think of book? It is just for students as they are still students or that for all people in the world, exactly what the best subject for that? Simply you can be answered for that query above. Every person has diverse personality and hobby for every single other. Don't to be pushed someone or something that they don't want do that. You must know how great and important the book International Finance. All type of book are you able to see on many resources. You can look for the internet solutions or other social media.
