The Princeton Encyclopedia of Islamic Political Thought From Brand: Princeton Univ Pr

The first encyclopedia of Islamic political thought from the birth of Islam to today, this comprehensive, authoritative, and accessible reference provides the context needed for understanding contemporary politics in the Islamic world and beyond. With more than 400 alphabetically arranged entries written by an international team of specialists, the volume focuses on the origins and evolution of Islamic political ideas and related subjects, covering central terms, concepts, personalities, movements, places, and schools of thought across Islamic history. Fifteen major entries provide a synthetic treatment of key topics, such as Muhammad, jihad, authority, gender, culture, minorities, fundamentalism, and pluralism. Incorporating the latest scholarship, this is an indispensable resource for students, researchers, journalists, and anyone else seeking an informed perspective on the complex intersection of Islam and politics.

- Includes more than 400 concise, alphabetically arranged entries
- Features 15 in-depth entries on key topics
- Covers topics such as:
 - **Central themes and sources of Islamic political thought:** caliph, modernity, knowledge, shari'a, government, revival and reform
 - **Modern concepts, institutions, movements, and parties:** civil society, Islamization, secularism, veil, Muslim Brotherhood
 - **Islamic law and traditional Islamic societies:** justice, taxation, fatwa, dissent, governance, piety and asceticism, trade and commerce
 - **Sects, schools, regions, and dynasties:** Mu'tazilis, Shi'ism, Quraysh, Mecca and Medina, Baghdad, Indonesia, Nigeria, Central Asia, Ottomans
 - **Thinkers, personalities, and statesmen:** Mawardi, Shafi'I, Saladin, Tamerlane, Akbar, Atatürk, Nasser, Khomeini
- Contains seven historical and contemporary maps of Muslim empires, postcolonial nation-states, populations, and settlements
- Guides readers to further research through bibliographies, cross-references, and an index

Editorial Review

From [Booklist](#)

Islamic Political Thought draws from several sources, including religion, philosophy, and pre-Islamic local tradition. The introduction provides a brief overview of Islam's political development from the time of the Prophet to the present, and it ties changes in Islam's political fortunes to the evolution of political thought. The introduction ends by outlining the themes used for organizing entries for this work: major themes (15 longer entries that focus on authority and religion—philosophy is strangely absent); historical developments (dynasties, geographical areas, and various religious interpretations); modern concepts; Islamic law and traditional society; and prominent personalities (mostly political and religious leaders but some philosophers). The work focuses on implementing ideas rather than on developing novel ideas. A list of entries, contributors, political maps, and country statistics of Muslim population and percentage precede the alphabetical entries. There are cross-references and lists of additional references for those interested in further study. Although the geographical region covered includes the entire world, there is greater emphasis on Arabia and North Africa, the traditional heartlands of Islam. Areas where Muslims are a significant minority tend to be underemphasized. Although Shiite and Sunni perspectives are covered, as are premodern and modern developments, this work emphasizes Sunni and postmodern developments. A single-volume work that attempts to cover a subject area as vast as this one necessarily limits itself to providing only a cursory overview of the subject matter. Although the content may be suitable for high-school students, the reading level suggests that it is written for undergraduate and graduate students. Hence, this encyclopedia is a good place to start, but those seeking anything beyond a brief overview of the subject will need to obtain supplementary reference material. --Muhammed Hassanali

Review

One of *Library Journal's* Best Reference of Law & Politics for 2012

One of *Choice's* Outstanding Academic Titles Top 25 Academic Books for 2013

"[A] work of high-quality erudition packaged in an accessible manner which will benefit a wide readership, the *PEIPT* is thus also quintessentially of its time and a political statement of sorts in itself, which is, perhaps paradoxically, where its deeper value as a point of reference will ultimately lie."--**Zaheer Kazmi, *Times Literary Supplement***

"In this timely volume, 15 major entries examine key topics such as Muhammad, jihad, gender, fundamentalism, and pluralism. The remaining nearly 400 entries focus on the origin and evolution of Islamic political terms, concepts, personalities, movements, places, and schools of thought."--***Library Journal, Best Reference 2012 selection***

"This unprecedented encyclopedia aims to be a comprehensive, authoritative, innovative reference covering 14 centuries while demonstrating its utility to comprehend today's political and cultural situation in Islamic societies. It is a truly impressive opus."--***Choice***

"[T]he editors of *EIPT* have done a marvelous and stunning job by bringing out such an all-inclusive and rich volume on the various aspects, trends and perspectives, of Islamic political thought. Taken as a whole, this work is quite a comprehensive and concise guide, providing positive and reasonably balanced views on a wide range of topics relating to Islam and politics. It could also be recommended for use as an essential and International important reference guide; a must read for everyone interested in Islamic political thought. And

keeping in view the richness and comprehensiveness, lucidness and coherence, wide-ranging and diverse approach and nature of the entries, as well as the integration of the latest scholarship, *EIPT* is not only one of the most essential but is a must-have and must-read reference work both for the students and specialists of Islamic political thought in particular and a best one volume comprehensive work that brings together concepts and issues, personalities and movements, for undergraduates and graduates of Islamic studies in general."--**Tauseef Ahmad Parray, *World Journal of Islamic History and Civilization***

"[T]his volume is almost unbelievably affordable. . . . Professors can afford to have a copy of their own, and every academic library should purchase one without delay. . . . [H]ighly recommended."--**Paula Skreslet, *Theological Librarianship***

"Written by an international team of specialists, the entries make use of the latest research and provide useful recommendations for further reading and research through bibliographies, cross-references and an index. This first *Encyclopedia of Islamic Political Thought* constitutes a resourceful guide for students, researchers, journalists, diplomats and anyone looking for information on the complex subject of Islam and politics."--**Lisa Kaaki, *Arab News***

"[B]y incorporating the latest scholarship and providing a clear path through the contemporary Islamic weltanschauung, this *Princeton Encyclopedia* will be a valuable resource for students, researchers, journalists, and anyone else seeking an informed perspective on contemporary politics in the Islamic world, and beyond."--**Bob Duckett, *Reference Reviews***

"Incorporating the latest scholarship, this is an indispensable resource for students, researchers, journalists, and anyone else seeking an informed perspective on the complex intersection of Islam and politics."--**World Book Industry**

"[T]his work is a fully developed research project that is able to meet the expectations of enthusiastic scholars of Islamic studies, politics and modern history."--**Majid Daneshgar, *Political Studies Review***

"[E]ncyclopedic in its scope and presents one of the most authoritative overviews of the topic published in recent years."--**Jørgen S. Nielsen, *Islam and Christian-Muslim Relations***

"The work offered to us here by Professor Böwering and his distinguished associate editors is very welcome indeed. . . . A very useful contribution to the field. . . . A convenient and reliable first reference, and through its longer articles a good means of finding one's way through the complexities of Islamic political discourse over the last fourteen centuries."--**R. Stephen Humphreys, *Bulletin of the School of Oriental and African Studies***
