Alexandre Kojève: Wisdom at the End of History (20th Century Political Thinkers) By James H. Nichols

Nichols examines the major writings of Alexandre Kojève, and clarifies the character and brings to light the importance of his political philosophy. While emphasizing the political dimension of Kojève's thought, Nichols treats all his major published writings and shows how the remarkably varied parts of Kojève's intellectual endeavor go together. This is an essential assessment of Kojève which considers the works that preceded his turn to Hegel, seeks to articulate the character of his Hegelianism, and reflects in detail on the two different meanings that the *end of history* had in two different periods of his thought.

Editorial Review

Review

This crisp and concise but synoptic account of the political philosophy of Alexandre Kojève brings to vivid life the excitement and originality of this great Hegelian's thinking. Nichols explains to the Anglo-American world the compelling theoretical reasons for Kojève's immense influence on French philosophy, politics, and political theorizing. The book will be essential reading for anyone who wants to grasp the deep foundations and sources of continental political theory-and practice-in the twentieth century. (Thomas L. Pangle, Professor and author, *Ennobling of Democracy* DIS .40)

James Nichols has written a concise and extraordinarily informative book that uncovers the coherence of thought that underlies the seemingly contradictory ideas of one of the twentieth century's greatest philosophers. While Alexandre Kojève may not exactly be a household word, he was enormously influential in shaping the intellectual world of the late 20th century, and this book helps us to better understand why. (Francis Fukuyama, author of *The End of History and the Last Man*)

Nichols's book should become the standard introductory text on Alexandre Kojève. By providing a clear and thoughtful account of the major aspects of Kojève's *oeuvre*, Nichols shows that this interpreter of Hegel developed a powerful version of modern political philosophy from which we can still learn today. (Michael S. Roth, author of *Knowing and History: Appropriations of Hegel in 20th-century France*)

It is James H. Nichols, Jr., who can be thanked for giving us the first (abridged) English translation of Kojève's *Introduction to the Reading of Hegel*, a book that established Kojève's well-deserved reputation in France as one of the most original and influential thinkers of the twentieth century.... Nichols' is precisely the sort of book that one should keep by one's side.... Nichols has provided us with a concise but comprehensive introduction to one of the most intriguing philosophers of the twentieth century. (*Society*)

About the Author

James H. Nichols is professor of Political Science at Claremont McKenna College. He has translated Kojève's *Introduction to the Reading of Hegel*, and is the author of various works including *Epicurean Political Philosophy: The De rerum natura of Lucretius*

Users Review

From reader reviews:

Richard Endsley:

Book is actually written, printed, or outlined for everything. You can recognize everything you want by a publication. Book has a different type. We all know that that book is important thing to bring us around the world. Adjacent to that you can your reading ability was fluently. A reserve Alexandre Kojève: Wisdom at the End of History (20th Century Political Thinkers) will make you to always be smarter. You can feel more confidence if you can know about everything. But some of you think this open or reading some sort of book make you bored. It is far from make you fun. Why they might be thought like that? Have you searching for best book or appropriate book with you?

Gregory Mendoza:

Information is provisions for people to get better life, information presently can get by anyone from everywhere. The information can be a expertise or any news even restricted. What people must be consider when those information which is inside former life are challenging to be find than now could be taking seriously which one is acceptable to believe or which one often the resource are convinced. If you have the unstable resource then you have it as your main information we will see huge disadvantage for you. All those possibilities will not happen with you if you take Alexandre Kojeve: Wisdom at the End of History (20th Century Political Thinkers) as your daily resource information.

Mary Kenney:

In this time globalization it is important to someone to find information. The information will make anyone to understand the condition of the world. The healthiness of the world makes the information quicker to share. You can find a lot of referrals to get information example: internet, classifieds, book, and soon. You can view that now, a lot of publisher that print many kinds of book. Typically the book that recommended for you is Alexandre Kojeve: Wisdom at the End of History (20th Century Political Thinkers) this publication consist a lot of the information with the condition of this world now. This book was represented so why is the world has grown up. The language styles that writer value to explain it is easy to understand. Often the writer made some exploration when he makes this book. Honestly, that is why this book acceptable all of you.

Jose Gower:

As a university student exactly feel bored in order to reading. If their teacher questioned them to go to the library or to make summary for some publication, they are complained. Just minor students that has reading's heart and soul or real their leisure activity. They just do what the trainer want, like asked to the library. They go to presently there but nothing reading seriously. Any students feel that examining is not important, boring in addition to can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this Alexandre Kojeve: Wisdom at the End of History (20th Century Political Thinkers) can make you really feel more interested to read.
