## Globalization and the Decolonial Option From Brand: Routledge

This is the first book in English profiling the work of a research collective that evolved around the notion of "coloniality", understood as the hidden agenda and the darker side of modernity and whose members are based in South America and the United States. The project called for an understanding of modernity not from modernity itself but from its darker side, coloniality, and proposes the decolonization of knowledge as an epistemological restitution with political and ethical implications.

Epistemic decolonization, or de-coloniality, becomes the horizon to imagine and act toward global futures in which the notion of a political enemy is replaced by intercultural communication and towards an-other rationality that puts life first and that places institutions at its service, rather than the other way around.

The volume is profoundly inter- and trans-disciplinary, with authors writing from many intellectual, transdisciplinary, and institutional spaces.

This book was published as a special issue of *Cultural Studies*.

## **Editorial Review**

### **Users Review**

#### **From reader reviews:**

##### **Robert Johnson:**

As people who live in typically the modest era should be update about what going on or data even knowledge to make them keep up with the era which can be always change and make progress. Some of you maybe will probably update themselves by reading through books. It is a good choice in your case but the problems coming to a person is you don't know which you should start with. This Globalization and the Decolonial Option is our recommendation to help you keep up with the world. Why, because book serves what you want and wish in this era.

##### **Carl Carrillo:**

The publication with title Globalization and the Decolonial Option has lot of information that you can learn it. You can get a lot of advantage after read this book. This book exist new know-how the information that exist in this reserve represented the condition of the world right now. That is important to yo7u to find out how the improvement of the world. That book will bring you within new era of the syndication. You can read the e-book on the smart phone, so you can read the item anywhere you want.

##### **Kristopher Lewis:**

As a student exactly feel bored for you to reading. If their teacher questioned them to go to the library as well as to make summary for some e-book, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring as well as can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this Globalization and the Decolonial Option can make you sense more interested to read.

##### **Gale Velez:**

What is your hobby? Have you heard that will question when you got college students? We believe that that issue was given by teacher with their students. Many kinds of hobby, Everybody has different hobby. And also you know that little person similar to reading or as reading become their hobby. You have to know that reading is very important and also book as to be the matter. Book is important thing to add you knowledge, except your personal teacher or lecturer. You will find good news or update regarding something by book. A substantial number of sorts of books that can you take to be your object. One of them is actually

Globalization and the Decolonial Option.
