Prodigal Genius: The Life of Nikola Tesla By James J. O'Neill

This was the first full-length biography written on the genius inventor, Nikola Tesla. The author was a Pulitzer Prize-winner and personal friend of Tesla, who once said the author understood him better than any man alive. It is reflected well in this highly detailed work. Much of the information in this book was personal and important, but might otherwise not have been known had O'Neill not documented it. The immense genius of Tesla resulted from a mind that could see an invention in 3-D, from every angle, within his mind before it was easily built. His dimensions and part sizes were always perfect. He never tested parts; they always worked. Most of his inventions were electrical in nature, with dozens of his patents now being used around the world. Much is revealed on Tesla's eccentric personality, his competition with Thomas Edison, and how he made his first million before the age of forty. Money was not important to him, however, nor was The Nobel Prize, which he refused to accept. It was always the science that came first. Due to the author's friendship with him, we are allowed an up close and intimate view into the mind of this genius inventor.

Editorial Review

Review

"John O'Neil understands me better than any man alive." -- Nikola Tesla

About the Author

Tesla, pioneer of electrical engineering, was a close friend of Pulitzer Prize-winning author O'Neill, JOHN JOSEPH O'NEILL (b. 1889- d. 1955)) also wrote *Engineering the New Age and You* and *the Universe: What Science Reveals*.

Excerpt. © Reprinted by permission. All rights reserved.

Even the gods of old, in the wildest imaginings of their worshipers, never undertook such gigantic tasks of world-wide dimension as those which Tesla attempted and accomplished. —from Chapter One, *Prodigal Genius: The Life of Nikola Tesla*

Users Review

From reader reviews:

Troy Riley:

Do you have favorite book? Should you have, what is your favorite's book? Guide is very important thing for us to be aware of everything in the world. Each publication has different aim or maybe goal; it means that guide has different type. Some people truly feel enjoy to spend their time for you to read a book. They may be reading whatever they get because their hobby is actually reading a book. Consider the person who don't like studying a book? Sometime, man feel need book when they found difficult problem as well as exercise. Well, probably you will need this *Prodigal Genius: The Life of Nikola Tesla*.

Coleman Jones:

Reading a e-book can be one of a lot of action that everyone in the world loves. Do you like reading book therefore. There are a lot of reasons why people love it. First reading a guide will give you a lot of new details. When you read a publication you will get new information since book is one of a number of ways to share the information or even their idea. Second, looking at a book will make you actually more imaginative. When you studying a book especially hype book the author will bring you to imagine the story how the personas do it anything. Third, it is possible to share your knowledge to some others. When you read this *Prodigal Genius: The Life of Nikola Tesla*, you can tells your family, friends and soon about yours reserve. Your knowledge can inspire the mediocre, make them reading a reserve.

Mary Perry:

Reading a reserve tends to be new life style within this era globalization. With examining you can get a lot of information that may give you benefit in your life. Together with book everyone in this world can certainly share their idea. Publications can also inspire a lot of people. Many author can inspire their particular reader

with their story as well as their experience. Not only the storyline that share in the textbooks. But also they write about the ability about something that you need instance. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that you can get now. The authors on this planet always try to improve their expertise in writing, they also doing some investigation before they write to the book. One of them is this Prodigal Genius: The Life of Nikola Tesla.

Patricia Trevino:

As a college student exactly feel bored for you to reading. If their teacher inquired them to go to the library or even make summary for some book, they are complained. Just small students that has reading's spirit or real their interest. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading significantly. Any students feel that studying is not important, boring along with can't see colorful photos on there. Yeah, it is to get complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore , this Prodigal Genius: The Life of Nikola Tesla can make you truly feel more interested to read.
