Soil · Soul · Society: A New Trinity for Our Time By Satish Kumar

We are all members of a one-earth society, and caring for the earth and soul is interrelated. This is the message of Satish Kumar, the internationally-respected peace and environment activist who has been gently setting the agenda for change for over 50 years. In *Soil, Soul & Society*, Satish presents the new trinity for our age of sustainability. One that shares the knowledge that we ourselves are very much part of nature; that what we do to nature we in fact do to ourselves; and that the earth is soulful. In this book, he inspires readers with the knowledge we are all leaders and can create change. He urges readers to create a new consciousness that reveres nature and explores how, as a global society, we need to embrace diversity and become pilgrims on this earth not tourists. To bring about change in the world we must be the change we wish to see.
