Writing Successful Academic Books By Anthony Haynes

'Publish or perish' is a well-established adage in academia. Never has the pressure on academics to publish been greater. Yet the prospect of writing a book can seem daunting, while the business of getting it published may be mystifying. Written by an expert in academic publishing, *Writing Successful Academic Books* provides a practical guide to both writing and getting published. It covers all stages of academic authorship from developing the initial idea for a book through to post-publication issues, showing how to avoid the common pitfalls and achieve academic and professional success through publication. Full of real life examples, including a sample book proposal, the book covers everything you need to know to build up an authorial career. This is an invaluable guide for academic authors - prospective or established - in all disciplines.

Editorial Review

Review

'Every academic serious about getting published will benefit from reading this succinct yet highly accomplished guide. Brimming with invaluable insights from publishing, as well as containing plenty of practical writing tips and strategies, this book will be indispensable whether you're a first-time author or seasoned pro.' Alexandra Webster, Associate Director, Palgrave

'A very useful and thorough book that will certainly help me and fellow PhD students: the book demystifies publishing of academic books, especially those based on dissertations.' Lisa Mueller, University of Zurich

'Readable, clear and useful, Writing Successful Academic Books is an interesting, accessible and enlightening book for anyone wanting to publish, particularly for academics. In a wonderful position to write such a book, Haynes does it comprehensively, including information and advice that is not common knowledge and often not divulged. A must read for anyone considering publishing an academic book!' Rachel L. Hardy-Holbrook, University of Warwick

'Anthony Haynes, editor and (successful) author, has a refreshing approach to academic writing that includes new ideas and new points of view. The dissertation-to-monograph transition has already been covered in so many similar guides, but Haynes presents ideas on key processes - reducing or omitting, adding, changing and deliberating - that make excellent reading.' Learned Publishing

About the Author

Anthony Haynes is Director of The Professional and Higher Partnership Ltd and a Visiting Professor at Beijing Normal University.

Users Review

From reader reviews:

Tara Gamboa:

What do you regarding book? It is not important to you? Or just adding material if you want something to explain what your own problem? How about your time? Or are you busy man? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have free time? What did you do? Every individual has many questions above. They need to answer that question because just their can do this. It said that about guide. Book is familiar in each person. Yes, it is correct. Because start from on jardín de infancia until university need this kind of Writing Successful Academic Books to read.

Bobbi Brunner:

Playing with family within a park, coming to see the water world or hanging out with friends is thing that usually you could have done when you have spare time, and then why you don't try matter that really opposite from that. One particular activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition info. Even you love Writing Successful Academic Books, you may enjoy both. It is excellent combination right, you still want to miss it? What kind

of hang type is it? Oh seriously its mind hangout guys. What? Still don't have it, oh come on its identified as reading friends.
