Editorial Review

Review

"Phil Simpson's work on Thomas Harris is brilliant. Harris is one of the most important writers of thrillers today, and his anti-hero Hannibal Lecter is one of the most memorable creations in modern popular fiction. Simpson presents a wonderful introduction to Thomas Harris. It is well-written and highly informative, one of the best books I've read this year, and certainly one of the best books I've ever read about thrillers." (Gary Hoppenstand, Editor, The Journal of Popular Culture)

"Well written and meticulously researched, *Making Murder* gets behind the masks so often affiliated with the reclusive Thomas Harris and his most famous literary and cinematic personage, America's postmodern bogeyman, Hannibal Lecter. *Making Murder* is a fine sequel to *Psycho Paths*, Simpson's trenchant study of serial killers, and sheds new light on our thirty-year cultural fascination with Harris's darkly brooding novels and their film adaptations." (Tony Magistrale, Professor and Chair, English Department, University of Vermont)
