Editorial Review

About the Author
Hariharan V Ganesarethinam associated with Aspire Systems Inc, USA as Senior Architect of Enterprise Architecture Solutions. He leads enterprise architecture, integration and SOA solutions for various customers of Aspire Systems Inc. He has around 15 years of experience in the IT industry with a variety of technologies, strategy, and enterprise solution experiences. He has architected various enterprise level solutions based on SOA, BPM and EAI architectures. Prior to Aspire Systems, he was leading various integration and research projects in MGL Americas and Unisys India. Hariharan is passionate about researching and learning upcoming technologies, architecture and industry best practices. His expertise and knowledge in SOA, EAI, ESB, BPM and SOA Governance made him comfortable in providing technical and business solutions to folks across global. He has hands on experience in implementing SOA and EAI projects using Web Services, Oracle SOA Suite, Oracle AIA, iWay Service Manager and Java CAPS. He is also an Oracle certified Oracle SOA Architect Expert. Hariharan is well known in the SOA industries through his articles published on IT Toolbox (http://it.toolbox.com/blogs/soa-governance/) and Sys-Con Media (http://vghariharan.sys-con.com/). He has written many articles in the area of SOA and SOA Governance. His articles are related to various decision-making situations in the SOA implementation. He owns a group in http://www.linkedin.com called "SOA, EA and IT Governance Practitioners Forum" through which he shares and consolidates industries views on SOA and EA practices. He also presented a paper in the IBI Summit 2010 about "Service Reusability and Best Practices" (http://www.slideshare.net/shahari3/soa- ... or-iway-sm).

Users Review

From reader reviews:

Paul Tirrell:

As people who live in the modest era should be revise about what going on or data even knowledge to make them keep up with the era that is always change and advance. Some of you maybe can update themselves by looking at books. It is a good choice to suit your needs but the problems coming to anyone is you don't know what one you should start with. This Oracle Application Integration Architecture (AIA) Foundation Pack 11gR1: Essentials is our recommendation so you keep up with the world. Why, since this book serves what you want and want in this era.

Grace Seals:

Nowadays reading books be a little more than want or need but also work as a life style. This reading behavior give you lot of advantages. Advantages you got of course the knowledge your information inside the book this improve your knowledge and information. The details you get based on what kind of book you read, if you want send more knowledge just go with education and learning books but if you want feel happy read one using theme for entertaining such as comic or novel. The actual Oracle Application Integration Architecture (AIA) Foundation Pack 11gR1: Essentials is kind of guide which is giving the reader unstable experience.

John Olive:

Spent a free time to be fun activity to complete! A lot of people spent their down time with their family, or all their friends. Usually they performing activity like watching television, going to beach, or picnic within the park. They actually doing same thing every week. Do you feel it? Do you need to something different to fill your own personal free time/ holiday? Can be reading a book may be option to fill your free of charge time/ holiday. The first thing that you will ask may be what kinds of guide that you should read. If you want to consider look for book, may be the reserve untitled Oracle Application Integration Architecture (AIA) Foundation Pack 11gR1: Essentials can be excellent book to read. May be it might be best activity to you.

Tania Hansen:

Are you kind of hectic person, only have 10 or 15 minute in your time to upgrading your mind talent or thinking skill also analytical thinking? Then you are experiencing problem with the book as compared to can satisfy your limited time to read it because all this time you only find guide that need more time to be learn. Oracle Application Integration Architecture (AIA) Foundation Pack 11gR1: Essentials can be your answer given it can be read by a person who have those short time problems.
