Editorial Review

Review

‘Francis Durbridge, made [Paul and Steve’s] adventures utterly enchanting within that shivering threadbare postwar reality.’ –The Telegraph

‘A classy period piece, all clipped accents, glamour and a smoking and drinking count to rival Mad Men. Great fun and surprisingly gripping.’ –The Guardian

About the Author

Francis Henry Durbridge was born in Hull, Yorkshire, in 1912 and was educated at Bradford Grammar School. He was encouraged at an early age to write by his English teacher and went on to read English at Birmingham University. While an undergraduate, he started to develop the radio play format for which he first became known. At the age of twenty-one he sold a play to the BBC and continued to write following his graduation while working as a stockbroker’s clerk. In 1938, by this time writing full time, he created the character Paul Temple, a crime novelist and detective. With Steve Trent, a Fleet Street journalist and later his wife, Temple solved numerous crimes. Durbridge’s style was very much in the mode of the earlier Golden Age middle-class amateur detectives. The first book, *Send for Paul Temple*, was written along with John Thewes as the novelization of a radio serial. Many others followed and they were hugely successful until the last of the series was completed in 1968.

Move over, Nick and Nora! Suave British crime novelist cum detective Paul Temple and his wife, Steve, a Fleet Street journalist, have mastered the glamorous world of 1940s crime detection. Many of Durbridge's detective novels have been adapted as successful full-cast radio series, plays, TV series, and films. Here, the couple sparkle as they solve a series of killings dubbed the Rex murders. Peter Wickham expressively captures the story's humorous dialogue and dangerous action. Reading solo, Wickham creates crisp characterizations that shine throughout fast-paced intrigues peppered with blind alleys, frightful escapades, and red herrings. Further, Wickham's versatile delivery artfully engages the subtle nuances of a diverse spectrum of British accents. A.W.
