## **Editorial Review**

### Review

"This text is the best in terms of covering the philosophical underpinnings of psychology and giving detailed and comprehensible explications of the history of psychology's theoretical systems."

--Michael Pettit, York University

"Benjafield made a judicious choice of thinkers and events to provide an overview of (mostly) the Western history of psychology. . . . He discusses many individuals and currents that previously have been ignored by other textbook-writers in the field of the history of psychology."

--Carmen Poulin, University of New Brunswick

### About the Author

John G. Benjafield is professor emeritus at Brock University, where he taught cognition and the history of psychology for over 30 years. He is currently a Fellow of both the Canadian Psychology Association and the American Psychological Society and has written extensively, including the first three editions of OUP's Cognition.

## **Users Review**

### **From reader reviews:**

#### **Carmen Russell:**

The book A History of Psychology will bring you to the new experience of reading any book. The author style to spell out the idea is very unique. Should you try to find new book to study, this book very acceptable to you. The book A History of Psychology is much recommended to you to see. You can also get the e-book from official web site, so you can easier to read the book.

#### **Marianne Guzman:**

A lot of people always spent their own free time to vacation or go to the outside with them loved ones or their friend. Do you realize? Many a lot of people spent that they free time just watching TV, or even playing video games all day long. If you want to try to find a new activity honestly, that is look different you can read the book. It is really fun for you. If you enjoy the book that you just read you can spent the entire day to reading a book. The book A History of Psychology it is extremely good to read. There are a lot of individuals who recommended this book. These folks were enjoying reading this book. In the event you did not have enough space to deliver this book you can buy the actual e-book. You can m0ore very easily to read this book from a smart phone. The price is not very costly but this book provides high quality.

#### **Bruce Sandlin:**

The reason why? Because this A History of Psychology is an unordinary book that the inside of the e-book waiting for you to snap the idea but latter it will distress you with the secret it inside. Reading this book close

to it was fantastic author who else write the book in such remarkable way makes the content on the inside easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you for not hesitating having this nowadays or you going to regret it. This phenomenal book will give you a lot of positive aspects than the other book possess such as help improving your talent and your critical thinking way. So , still want to hold off having that book? If I were you I will go to the reserve store hurriedly.

**John Rowland:**

This A History of Psychology is great reserve for you because the content which is full of information for you who have always deal with world and get to make decision every minute. This book reveal it data accurately using great arrange word or we can say no rambling sentences inside. So if you are read the idea hurriedly you can have whole information in it. Doesn't mean it only will give you straight forward sentences but challenging core information with beautiful delivering sentences. Having A History of Psychology in your hand like having the world in your arm, info in it is not ridiculous one particular. We can say that no book that offer you world throughout ten or fifteen small right but this guide already do that. So , this really is good reading book. Heya Mr. and Mrs. active do you still doubt that will?
