Honey, I Shrank the Werewolf By Dakota Cassidy

“I’m a what?” “A werewolf.” “A werewolf who can’t remember he’s a werewolf because he has amnesia.” That pretty much sums it up. The timing couldn’t be worse, too. Just when the pain of booting her ass out of a husband to the curb has started to lessen, Ella gets stuck babysitting his hairy amnesiac ass. Well...she is a psychiatric nurse, after all. In exchange for helping Crosby rediscover his inner werewolf, Ella has the pack’s word she’ll be granted a divorce. She’ll be free to move on. Maybe continue the Twitter flirtation she’s got going with @Hairofthedog. Hey, it’s a start. But Crosby isn’t playing fair. No longer the Grand Poobah of Douchebaggery, with his memories gone, he’s more the charming, fun-loving man Ella fell in love with. How’s she supposed to hate him when he keeps smiling and charming and, oh yeah, screwing her six ways to Sunday? Though Ella’s body is game for more physical therapy, her mind hasn’t forgotten his betrayal. Crosby will need a damn fine excuse for what he’s done. As it turns out, he has one—and it’s a doozy.

Editorial Review

Users Review

From reader reviews:

Dennis Scott:

What do you think of book? It is just for students because they are still students or the item for all people in the world, what best subject for that? Only you can be answered for that problem above. Every person has distinct personality and hobby for every other. Don't to be obligated someone or something that they don't want do that. You must know how great and important the book Honey, I Shrunk the Werewolf. All type of book would you see on many methods. You can look for the internet methods or other social media.

Arielle Griffin:

In this 21st hundred years, people become competitive in each and every way. By being competitive today, people have do something to make these people survives, being in the middle of the particular crowded place and notice by simply surrounding. One thing that sometimes many people have underestimated the idea for a while is reading. Yep, by reading a book your ability to survive boost then having chance to stand up than other is high. For you personally who want to start reading a book, we give you this kind of Honey, I Shrunk the Werewolf book as nice and daily reading book. Why, because this book is more than just a book.

Grant Rickard:

The book Honey, I Shrunk the Werewolf has a lot info on it. So when you make sure to read this book you can get a lot of gain. The book was authored by the very famous author. Mcdougal makes some research prior to write this book. This book very easy to read you will get the point easily after perusing this book.

Ryan Strausbaugh:

Is it you actually who having spare time subsequently spend it whole day by watching television programs or just resting on the bed? Do you need something totally new? This Honey, I Shrunk the Werewolf can be the reply, oh how comes? A fresh book you know. You are thus out of date, spending your extra time by reading in this brand-new era is common not a geek activity. So what these guides have than the others?
