Shoulder Arthroplasty E-Book By Gary M. Gartsman, T. Bradley Edwards

Here is a technique intensive textbook of shoulder arthroplasty detailing how to handle all relevant aspects of shoulder replacement surgery. Distinguished shoulder surgeons Gary M. Gartsman—author of the well-received *Shoulder Arthroscopy*—and T. Bradley Edwards provide step-by-step details for each category of shoulder arthroplasty, covering indications and contraindications, pre-operative planning and imaging, results and complications, and more. Copious color intraoperative photographs and illustrations make this book one that all shoulder surgeons need to have at hand!

- Presents the personal techniques of two master surgeons to give you the benefit of an authoritative approach to challenging surgeries as well as a consistent tone throughout the book.
- Covers pre-operative planning and surgical techniques in meticulous detail, including Glenoid Component, Reduction/Deltoid Tensioning, Humeral Surface Replacement, and Biological Glenoid Resurfacing.
- Emphasizes results, complications, and the important topic of post-operative orthosis and rehabilitation to provide a timely focus on outcomes, a rapidly growing trend in orthopaedic surgery.
- Features intraoperative photographs accompanied by line drawings for added clarification of the procedures.
- Organizes material in a consistent, structured format for easier use of the text as a technical reference.

Editorial Review

Review

" The book is nicely organized into individual steps from setup and positioning to finishes with closure. It provides great detail on how the authors manage every step of the operation and what their thought processes are...This is now the definitive technique guide for how to perform a total shoulder arthroplasty."

DOODY'S BOOK REVIEW, 3 Stars

Users Review

From reader reviews:

Rose Knowlton:

The book Shoulder Arthroplasty E-Book can give more knowledge and also the precise product information about everything you want. So why must we leave the best thing like a book Shoulder Arthroplasty E-Book? Several of you have a different opinion about book. But one aim this book can give many info for us. It is absolutely right. Right now, try to closer using your book. Knowledge or info that you take for that, you can give for each other; it is possible to share all of these. Book Shoulder Arthroplasty E-Book has simple shape but the truth is know: it has great and large function for you. You can seem the enormous world by start and read a e-book. So it is very wonderful.

Gavin Wilkins:

Do you certainly one of people who can't read enjoyable if the sentence chained inside the straightway, hold on guys this specific aren't like that. This Shoulder Arthroplasty E-Book book is readable by you who hate the perfect word style. You will find the info here are arrange for enjoyable reading through experience without leaving possibly decrease the knowledge that want to deliver to you. The writer associated with Shoulder Arthroplasty E-Book content conveys the idea easily to understand by many people. The printed and e-book are not different in the articles but it just different by means of it. So , do you continue to thinking Shoulder Arthroplasty E-Book is not loveable to be your top checklist reading book?

Dennis Ramirez:

Nowadays reading books become more and more than want or need but also become a life style. This reading addiction give you lot of advantages. The huge benefits you got of course the knowledge even the

information inside the book which improve your knowledge and information. The information you get based on what kind of book you read, if you want attract knowledge just go with schooling books but if you want feel happy read one having theme for entertaining including comic or novel. Typically the Shoulder Arthroplasty E-Book is kind of book which is giving the reader unforeseen experience.

Joyce Lynch:

As a student exactly feel bored for you to reading. If their teacher requested them to go to the library as well as to make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading critically. Any students feel that reading is not important, boring along with can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Shoulder Arthroplasty E-Book can make you truly feel more interested to read.
