## The American Way of War: A History of United States Military Strategy and Policy By Russell F. Weigley

"... a strong and stimulating book. It has no rival in either scope or quality. For libraries, history buffs, and armchair warriors, it is a must. For political science students, career diplomats, and officers in the armed services, its reading should be required." ?History

"A particularly timely account." ?Kansas City Times

"It reads easily but is not a popularized history... nor does the book become a history of battles.... Weigley's analyses and interpretations are searching, competent, and useful." ?Perspective
